

Important Reminder: New PPO Plan Network Coming April 1!

What You Need to Know

On April 1, 2017, Anthem BlueCross BlueShield will replace Aetna as the new provider network for our PPO Plan. Here are some important things to keep in mind:

- **Confirm that your provider is in the Anthem network:** Due to the size of the Anthem provider network, it's very likely that you can see the same providers you have now and continue to receive in-network benefits. However, it's important to confirm this by searching for your doctor on the Anthem website.
- **Use LabCorp for laboratory tests:** Starting April 1, you will need to use LabCorp for in-network coverage of laboratory tests, since Quest Diagnostics is not an Anthem provider. LabCorp has locations throughout Southern Nevada.
- **No change to other networks:** The following networks are not changing: Health Services Coalition (hospitals), and Harmony Health Care EAP (mental health/substance abuse services). You will continue to receive in-network benefits when you see these providers.

- **No change to EnvisionRx:** EnvisionRx will continue as our pharmacy provider. The EnvisionRx pharmacy network and Costco Mail Order/Online Pharmacy will remain the same.
- **No change to benefits:** The change to Anthem will not affect your PPO Plan benefits, including your deductible, copays and coinsurance. The amount you've paid toward your deductible and out-of-pocket maximum will be carried over when the change takes place. However, your deductible, copays and coinsurance will increase to out-of-network amounts if your provider is not in the Anthem PPO network.

3 Steps to Take Now

WATCH FOR YOUR NEW ANTHEM ID CARD

Keep an eye out for your new Anthem Medical ID card, coming to your home via U.S. mail in late March. The card will come in a sleeve, along with an instruction card.

On April 1, please destroy your Aetna ID card and begin using the Anthem ID card, sleeve and instruction card. It is very important to keep your new ID card and instruction card in the sleeve, and to give the right item to your medical provider when you receive services. Otherwise, your provider may not use the correct information to file a claim.

For more information about your Anthem ID card, go to www.teamsters14benefits.com/about-your-new-anthem-id-card.

MAKE SURE YOUR CURRENT DOCTOR IS IN THE ANTHEM PPO NETWORK

- Visit www.anthem.com
- Click “Find a Doctor” under “Menu.”
- Under “Search as a Member,” enter “JTF” below “Identification number or alpha prefix.”
- Click “Continue” and follow the instructions.

If your doctor is not in the Anthem network, he or she will be considered out-of-network starting April 1. This means you'll pay more money when you use that doctor, so you may want to start looking for an Anthem doctor now. For tips on choosing a doctor, see Benefits Basics Issue #2, available under Forms & Documents at www.teamsters14benefits.com.

FIND AN IN-NETWORK LABORATORY

Go to www.teamsters14benefits.com/find-an-in-network-laboratory to find a LabCorp facility near you. Do not start using this facility until the Anthem network goes into effect on April 1.

You Can Still Save Money with Healthcare Bluebook!

Healthcare Bluebook will still be available to help you shop for affordable medical care in your area. This fast online tool can help you save hundreds—even thousands—by showing you which providers in your area provide quality care at a Fair Price. Plus, you can earn up to a \$100 reward each time you use a Fair Price provider for select procedures. Go to www.healthcarebluebook.com/cc/teamsterslocal14 or download the Healthcare Bluebook app from the App Store on your mobile device.

Coming April 1: Special Offerings from Anthem

- **LiveHealth Online:** advice, treatment, and even prescriptions from a board-certified doctor via live, two-way video on your computer or mobile device, 24/7
- **BlueCard®:** discounts for medical services while traveling or living outside the Plan's service area
