

Dear Teamsters Local 14 Participants and Families,

The Teamsters Security Fund for Southern Nevada—Local 14 Board of Trustees is pleased to share that our second Family Wellness Center, located at 2831 Business Park Court in Las Vegas, is now scheduling appointments. The staff will begin seeing patients on May 13. This Family Wellness Center joins our first center at 1505 Wigwam Parkway, #241 in Henderson, which opened on February 11.

Already, we have received great feedback from members about how fast, easy and convenient the Henderson Family Wellness Center is and how much they appreciate it. One member said it “was one of the best experiences I’ve had at any doctor’s office.”

You may recall receiving a similar packet when our first Family Wellness Center opened. The enclosed brochure has been updated to include information about both locations. In addition, you’ll find a magnet with both Family Wellness Centers’ address, phone number and hours. We encourage you to keep it handy for quick reference.

All Teamsters Security Fund for Southern Nevada—Local 14 PPO Plan participants and their covered dependents can use the Family Wellness Centers free of charge! Our HMO Plan participants also can take advantage of the centers during 2019 free of charge. The centers offer accessible, high-quality and confidential medical and wellness services plus a wide range of generic prescription drugs and labs. [Please note, the new site must pass a state inspection before labs and drugs are available.]

The centers are staffed by experienced medical teams, including full-time primary care physicians, physician assistant, nurse practitioner and medical assistants. We encourage you and your family to make one of the centers your primary care medical home for as many visits as you need with no out-of-pocket costs.

Of course, your medical information will be kept confidential, which is required by law. Activate Healthcare will not share medical information of any kind with Teamsters Local 14 or your employer. Information can be shared with your personal physician at your request.

Please read the enclosed brochure and display the magnet where you can see it. Then call the Family Wellness Center that is most convenient for you and schedule an appointment for a wellness exam or sick visit, if needed. You’ll be glad you did!

Sincerely,

Board of Trustees
